Scott Blocked From Assuming Manager Post

Sheriff James J. McGrath was named Monday by the San Mateo County Board of Supervisors to be acting county manager during the next three weeks in the absence of County Executive Walter Kellogg on vacation.

McGRATH

McGrath's selection precipitated a row before the board over why County Engineer Carl Scott was not named to the post.

Scott or Urban S. Marshall, county engineer appointee, would by the provisions of the charter normally succeed Kellogg during the executive's absence or illness.

Supervisors Fred Beer, San Mateo, and John Poole, Redwood City, insisted that Scott take over the duties.

Assistant District Attorney Daniel Sullivan informed the board that the acts of either Marshall or Scott would be questioned because of the legal fight over their office and that a condition of "inharmony" would result.

Kellogg was given permission to leave the state during the period of his vacation—June 18 to July 5.

FIRE TRUCKS FUND VOTED BY COUNTY

Two Additional Autos For Social Bureau Also Approved

Purchase of two fire trucks at a cost of $3000 for County Fire Warden Bert Werder and two automobiles costing $1765 for the social service department were ordered by the board of supervisors Monday.

Supervisor Fred Beer, San Mateo, objected to a request of $2,000 for the social service cars, saying light-make vehicles were good enough. The board then cut down the request of Executive Walter Kellogg to $1765. Kellogg said it was his idea to buy the cheaper cars.

CLAIMS STUDIED

Claims of nearly $13,000 for damage done to crops by diversion of the waters of Colma creek were referred to the district attorney for his advice. Chairman Manuel Francis was also authorized to name a commission of five to study the claims.

Claim of the Pacific States Savings and Loan Associatioin for $35,500 for property acquired by the county under tax delinquency sale was referred to the district attorney.

Protest of J. M. Litchfield that the Youdall Construction Company was damaging Whipple road in moving heavy machinery on the Hetch Hetchy pipeline was referred to Acting Executive James McGrath.

$1000 PLEA DEFERRED

Request of the Mission Trails Association for $1000 for San Mateo county's participation in a joint San Diego fair exhibit was referred to further study after C. M. C. Raymond appeared from Los Angeles in behalf of the appeal.

Protest was voiced by Supervisor Albert Witt Jr., Colma, to the sale of road equipment for $207 which had been junked without knowledge of the board.

ROAD FUNDS VOTED

The sum of $1980 was voted from the miscellaneous rights of way fund to the Pescadero creek right of way fund.

Application to SERA for a project to mark veterans graves extending from the Civil War period as requested by the county council of the American Legion was approved.

SERA approval for a project for tennis courts at the Capuchino School will be sought.

Brisbane Fire Commissioners asked the board to declare the weeds there a nuisance but no action was taken.

Richard N. Prieto of North Palo Alto filed for a traffic berth.

Five coast beach strip purchases submitted by Agent Giles Johnson were referred to the district attorney for legality.

Powers of the recreation commission were ordered defined by the district attorney.

TWO POSTS CREATED

A justice clerk at $1200 and an assistant at $600 were provided for Justice Clay's court.

Tom Arnold's application for a riding academy permit for Avy and Alameda de las Pulgas and Sam Palladino's application for a permit to conduct a grocery and liquor store at Belmont avenue and Woodside road were referred to the planners.

County SERA notified the board that Montara must form a sewer maintenance district to secure added sewer funds. Dr. Edmund Walter and Capt. Sipried Olsen filed protest to the district.

Writ Is Sought To Force Vote On Councilmen

Three Board Members Under Fire; Refuse To Call Election

The long simmering political cauldron of the Town of Bayshore, San Mateo county's newest incorporated city, boiled into the superior court Wednesday when one of the leaders in the attempted recall of three city councilmen sought a writ of mandate to compel the council to call a special election for a recall vote.

Councilmen sought to be recalled are Mayor John P. Lawson, M. S. Parker and H. H. Smith. Other members of the board are C. H. Thomas and F. B. Johnson.

According to the petition for the writ, filed by Bert E. Ford, San Francisco shoemaker who lives in Bayshore and one of the sponsors of the petitions, through Attorney Meurice N. Swim of Daly City, the recall was sought because of "dissatisfaction with the conduct" of the councilmen because they are "dictatorial, indifferent and unwilling to enforce law and order."

The petition charges that although 81 of the city's 263 voters signed the petition and it was presented to the council, they "neglected" to call the election demanded. As a result, the superior court is asked to force the councilmen either to call the election or show cause July 1 in Superior Judge McNutt's court why the voters should not be allowed to attempt the recall.

Leaders in the recall movement, besides Ford, are Alfred E. Lowe, Lou Boehme Jr., and Noble C. Wilson, former member of the sanitary district board.

Attorney Swim last week made an unsuccessful attempt to have the appellate court in San Francisco grant the writ of mandate, but that court dismissed the action "without prejudice."

Former Cashier Admits Stealing Company Funds

A middle-aged man who for 14 years was trusted with funds of Swift & Company's South San Francisco office Monday pleaded guilty to embezzlement of $1,644 of the firm's money over a period of several years.

He is John C. Hamilton, former cashier and treasurer of the employes' association. He asked for probation, and his request was referred to Probation Officer Francis Robinson for a report July 1 before Superior Judge McNutt, before whom he pleaded today.

In the same court today, Melvin ("John") Gunderson was denied probation and sentenced to San Quentin prison for burglarizing a Burlingame Hills residence. He had been captured, along with Fred Hoppe, by Capt. Paul Perussina of the state highway patrol.

In Superior Judge Cotton's court, Pete Liva, arrested in Redwood City for driving while intoxicated, was granted a year's probation on condition he serve 29 days in the county jail. He was then given credit for the 29 days he has served since his arrest. His driver's license was suspended for six months.

OWEN RETURNED TO LOCAL CHURCH

Two New Ministers Named in County By Conference

Re-appointed to the Redwood City pastorate at the 83rd annual Methodist church conference which closed last night in Stockton, the Rev. W. J. Owen returned to his home Monday. Mrs. Owen, who also attended the sessions of the conference, held at College of Pacific, returned with him.

The Reverend Owen reported today that a definite upturn has been registered in all phases of the church in Northern California. The membership, finances and influence of the 240 charges of the conference all were increased over the session of a year ago.

Bishop J. Ralph Magee of the St. Paul, Minn., area, presided over the sessions, which were held in the auditorium of the school, California's oldest college.

Other re-appointments made in this county were the Rev. H. E. Milnes to Burlingame, the Rev. H. D. Harkins to San Bruno and the Rev. J. C. Kelsey to Half Moon Bay.

New ministers were appointed to South San Francisco and San Mateo churches. The Rev. E. B. Winning, who was pastor of the Redwood City church in 1896-97, will serve South San Francisco and the Rev. R. L. McArthur, San Mateo.

John L. Burcham, former vice president of the College of the Pacific, will serve the San Francisco district as superintendent.

In Palo Alto, the Rev. Daniel W. Stevens, who delivered the Easter sunrise address in Emerald Lake bowl, was reappointed pastor and Richard W. Silverthorn was again named as director of the Wesley Foundation.

$75,000 Sought For Sunnyvale Field Repairs

Included in the five California and Florida projects of the navy department for which $786,000 was asked of the federal works application in Washington, D. C., yesterday was $75,000 for improvements and repairs at Moffett Field.

The work as specifically listed, according to the Associated Press, will include paving, extending and surfacing landing runways, resurfacing taxi-way, drainage of runways, and provision of night flying facilities at the airbase.

Details of the applications were released following a conference of state works progress administrators with Harry L. Hopkins in the national capital last night to learn how millions of work relief money is to be spent.

HAD PRISON RECORD

Disclosure that Miss Janet Schmidt, arrested in San Francisco for failing to pay a $36.50 taxi bill after making calls on peninsula friends, has a prison record and is out on parole from the women's prison at Tehachapi was made by San Francisco police yesterday. As a result, although Miss Schmidt, alias Jean Roberts, paid the $36.50, she is being detained for the state parole officer.

Only Best Liquor Taken By Burglar In East Palo Alto

It was a real connoisseur of liquor who committed this burglary.

That was the impression gained today from reading the sheriff's report of the burglary of J. L. Mollenhauer's liquor store in East Palo Alto on the Bayshore highway near University avenue.

The thief, who apparently made his entrance into the store by means of a passkey after breaking a window as a "blind," according to Deputy Sheriff Tom Maloney, took 38 bottles of the choicest of Mollenhauer's stock. The proprietor valued the loss at about $200.

That the intruder did not enter by the window was indicated by the condition of the screen, according to Maloney. The screen was slashed, but was not bent enough for a hand to have been pushed through to unfasten the latch, the officer reported.

Also the burglar apparently knew the layout of the store, which is behind a cafe, Maloney reported.

The cheaper liquors and about $5 in a glass jar near the cash register were untouched.

The burglary was committed sometime early Saturday morning, but was not disclosed by officers until today.

Jury Decides Child Died Accidentally

BURLINGAME, June 17.—With a recommendation that crossing gates should be constructed at the Bayswater railroad crossing, Burlingame, a coroner's jury here today returned a verdict of "accidental death" in an inquest over the death of Margaret Bosse, 7, who was killed last month when struck by a train at this crossing at which three fatalities have occurred this year.

'SOCIETY DOCTOR'

Scene shows Chester Morris and Virginia Bruce, stars in "Society Doctor," showing at the Redwood Theatre Sunday and Monday. On the same bill are Ralph Bellamy and Ann Sothern in a first run hit, "8 Bells."

SHORE RAILROAD WORK UNDERWAY

Renewed Operation Of Line Is Seen Within Year

Renewed operation of the Ocean Shore Railway within the year promised by Selah Chamberlain, Harry W. Cole and associates was seen today as grading for reconstruction of the former railroad, torn up in 1921, got well under way near Salada Beach.

Grading was being done on the right of way from Thornton to Edgemar just north of Salada Beach, and will continue to the south over the route being surveyed for the new Ocean Shore highway, according to Cole. Chamberlain, Woodside capitalist, heads the lumber syndicate which, several months ago, acquired the rights of way from the defunct Ocean Shore Railway. Cole is an executive of the Hammond Lumber Company and also of the Redwood Sales Corporation, with offcompleted.

The plan, it is claimed, is to rebuild the railroad, which formerly extended to Tunitas just south of Half Moon Bay and then build an extension to Pescadero, according to those close to the lumber syndicate. Truck lines to feed the Pescadero terminal would be established. The syndicate, according to residents of the coast district through which the proposed road will pass, owns more than 17,000 acres of highly valuable redwood timber to the south and east of Pescadero. The tract is said to be the second largest remaining body of such timber in the United States and to contain more than a billion feet.

Tapping of this great timber body is among the chief objects of the rail line. It is also contended that agricultural products would furnish a large revenue to the rail line despite competition of trucks. It is proposed to operate light gasoline locomotives with trailer cars rather than the former heavy steam trains.

Chess Election As Legion Head In 1936 Looms

That T. Louis Chess of San Mateo might be named state department commander in 1936 was indicated at the Yountville caucus of the American Legion Sunday.

From rumblings of a complete "new deal" movement in California Legion politics came the report that Dick Welch of Riverside would be the department commander this year, with Chess succeeding the following term. However, another lineup has Dan Emmett of Ventura slated for the post this year and Thomas J. Riordan of San Francisco the following year.

FIRST GRASS FIRE

SAN CARLOS, June 18.—The San Carlos Fire Department responded to its first grass fire Sunday afternoon at the corner of Pearl and Cedar streets. A hay cock was set afire by picnickers, according to the report of Fire Chief Edward J. Wheeler.

Of the four forms of sales tax, the retail sales tax is the most prevalent.

Jury Inquiry of 'Rev. Woods' Ordered Here

Council Asks County To Probe Activities Of Asserted Mystic

Grand jury inquiry into the activities of the "Reverend" Sam Woods, 202 Finger avenue, who conducts a "sand gazing" business here, was asked by the city council Monday night.

The grand jury inquiry was deemed the best way of determining whether the "Rev." Mr. Woods is operating as a fortune teller and "mystic."

Gordon Seely, Redwood City merchant, appeared before the council to protest the "Reverend" Woods' activities. He said:

"I pay no less than 15 license fees and taxes. Yet I do business in pennies while this man does business in dollars. I understand we have an ordinance licensing fortune tellers at $25 a day. Why doesn't somebody tax him like they tax me and every legitimate businessman in Redwood City?"

Police Chief C. L. Collins informed the board that he and City Attorney Albert Mansfield had been in conference with District Attorney Gilbert Ferrell and were seeking someone who would sign a complaint against Woods charging him with allegedly securing money under false pretenses.

A. J. Kane, of the Kane Detective Agency, who sent a female operative to Woods' place recently, refused to sign the complaint, as did the operator, "Mrs. Alta Robbins," who was revealed last night to have been Mrs. Kane.

REFUSES TO SIGN

Mrs. Kane's refusal to sign the complaint was based on fear that she might face a lawsuit, Mansfield said.

Collins and Mansfield said that in the absence of a complaining witness, Woods could not be prosecuted. They informed the council that the district attorney had cited Woods to appear before him but that so far he has not answered the citation.

Mansfield said that all evidence of fortune telling by Woods so far is based upon "hearsay." He mentioned that no one seemed to be willing to come forward and sign a complaint against Woods.

PATRONS FACE SUBPOENAES

Under the jury inquiry, persons known to have visited Woods can be subpoenaed to testify. The name of Sidney Bibbers, secretary of the 1933-34 grand jury, was mentioned as one of these.

Mansfield's idea as expressed to the council was that if Wood was doing something outside the law he should not be moved out of town but "should get what's coming to him."

Councilman Evans Fletcher proposed that the grand jury be asked to probe Woods' activities. Councilman Louis Christensen put the motion and Councilman James Eva seconded it. The motion carried unanimously.

M. P. Resident, Children Inherit Leisander Funds

Mrs. Irene L. Desmond and her two children, Marjorie Ellen, 19, and James Timothy, 17, of Menlo Park, inherit the estate of George Leisander, who died in San Francisco June 4, terms of Leisander's will, filed for probate in superior court today, disclose.

Leaving a son, George, of Hutchinson, Kan., only $1,000 because he already had given him money, according to the will, Leisander created trust funds which will guarantee Mrs. Desmond, his daughter, $150 a month and her children $500 a year each.

The Wells Fargo Bank and Trust Company of San Francisco will administer the estate and create the trusts, according to the will, which was dated April 19 of this year.

Value of the estate of Leisander, who lived on Lemon avenue in Menlo Park and who was the manager of an insurance company in San Francisco, was listed as more than $10,000 in the petition for probate, filed through Attorney W. H. Morrissey.

Church Will Build In North Fair Oaks

Sale of two lots in the North Fair Oaks district between Fourth and Fifth avenues to the Redwood Undenominational Church was announced today by Roy M. Gordon, real estate broker.

A building will be erected in the near future upon the property for the convenience of that district, according to Gordon.

S. F. Considers Buying Entire Power System

Alternative Proposals Also Debated Before Metropolis' Board

SAN FRANCISCO, June 20 — That another proposal to undertake municipal distribution of Hetch Hetchy power will be presented to the voters, regardless of federal moves against the city's "agency contract" with Pacific Gas and Electric Company was a possibility injected today into consideration of the power issue by the board of supervisors.

Even if Secretary of the Interior Ickes does not order it, a majority of the supervisorial committee appointed to study ways and means of meeting his anticipated adverse ruling on legality of the contract will advance another bond issue for municipal distribution of power, it was indicated at a conference between Utilities Manager Edward G. Cahill and committee members.

ALTERNATES TOLD

Mr. Cahill outlined to the group four possibilities open to San Francisco when and if Mr. Ickes rules the P. G. and E. contract is illegal:

1. The city could continue to generate power but cease to dispose of it, with an annual loss of two million dollars revenue.

2. Bonds in the amount of 70 to 80 million dollars could be floated to purchase the entire San Francisco holdings of the P. G. and E.

3. The people might issue bonds to buy enough of the private system to distribute all the power generated at the Moccasin plant and the contemplated Red Mountain Bar plant, two-thirds of the total amount of electricity used in San Francisco.

MENLO PARK

Russell Buchanan of Menlo Park was awarded his doctor's degree at Stanford last Sunday. For some time an instructor at Stanford, Mr. Buchanan has been promoted to the rank of professor of history on the university staff. Mrs. Buchanan, the former Miss Ethel O'Keefe, is also a graduate of Stanford and was, for several years registrar of the junior college at San Mateo.

Many improvements are being made at St. Patrick's Seminary since the school closed last week. New streets are being constructed, the buildings painted and the grounds generally improved. A larger registration than that of this year is expected in September.

The marriage of Mr. Vincent Sexton and Miss Lillian Grosfield will take place at the parochial residence of Father Thomas McKeon Sunday at 10 o'clock.

Mr. Sexton has charge of the dried fruit department for Balfour, Guthrie Company at Brentwood at which place the pretty bride to be is a teacher in the grammar school. Mr. Sexton was raised in Menlo Park and at an early age was graduated from St. Joseph's Parochial School and Sequoia Union High School at Redwood City. He is a young man of character and ability.

Miss Grosfield is a charming and talented young woman and very popular with the teachers and others at Brentwood.

Thomas Sexton, brother of the bridegroom, is to be the best man at the wedding ceremony. The wedding breakfast is to be served at the Cardinal Hotel in Palo Alto. Only the family and a few friends will attend.

Mrs. Carrol A. DeVol and Mrs. Leon French have returned from a visit to the fair at San Diego.

Nomination of officers for the ensuing term will be made at the regular meeting of the Menlo Park American Legion Auxiliary No. 443 next Tuesday, June 25, at 8 p.m.

Mrs. C. T. Maloney will attend the installation of the grand president of the Native Daughters of the Golden West in Sacramento Thursday. Mrs. Maloney is an old friend of Mrs. Anna Theusen who has been elected grand president.

Miss Betty Douglas was given a shower by her aunt, Mrs. J. Loverich, of Palo Alto, Monday. Miss Douglas is to be a June bride. The kitchen shower was attended by a dozen friends. Bridge was played after which refreshments were served.

Mrs. Irene Boone is recovering from her recent illness which kept her in bed for the last week.

Mrs. Martin McCarthy was hostess at the St. Joseph's Mothers' Club card party which was held Thursday afternoon in the Hall of the Nativity.

Several members of Menlo Park American Legion Auxiliary No. 443 attended the county council of the auxiliary at San Bruno Thursday night. Convention plans for the drill team of the council, which is the official representation of San Mateo county, were discussed. The glee club met at 7:30 under the direction of Glee Leader Isabelle Weeden Lindquist of Menlo Park unit.

Miss Marion Douglas of Menlo Park was guest of honor at a kitchen shower given recently by her cousin, Mrs. Earl Goodell, at the latter's home, 168 Mariposa street. Dutch whist was played. Guests were Mrs. William McInnis, Mrs. Frank Maxwell, Mrs. Fred Worrell, Mrs. A. Farmer, Miss Blanche Clark, Mrs. James Murray, Mrs. Joseph Loverich, Mrs. Lloyd Douglas and her son, Lloyd.

Mrs. M. J. McCarthy was hostess at the regular monthly card party of St. Joseph's Mothers' Club Thursday afternoon at 2 o'clock in the Church of the Nativity Hall.

Mr. and Mrs. D. E. Wolgast of Marysville, Kan., and their little daughter, Joanne, are guests at the Menlo Park home of Mr. and Mrs. F. W. Meyer. Mrs. Wolgast, the former Nellie May Holland of Mountain View, is a niece of Mrs. Meyer. Her marriage took place at the Meyer home a few years ago.

She and the little girl will spend the summer here while Mr. Wolgast, superintendent of schools in Marysville, attends the University of California.

Palo Altans who remember the Macondray family, pioneers of the peninsula and former residents of this community, will be interested in the news from Alexandria, Va., that Lieut. Atherton Macondray was married on Friday to Mrs. Helen Tucker Andrews. Lieutenant and Mrs. Macondray are now en route to San Pedro, where the young naval officer will join his ship, the New Mexico.

Lieutenant Macondray is a son of Mrs. William Otis Edmands and the late Atherton Macondray, a nephew of Mrs. Perry Eyre and the late Mrs. Edward Eyre, and a brother of Mrs. Herman Phleger and Mrs. Clift Lundborg. His bride is a daughter of the late Colonel and Mrs. Charles Cowles Tucker of Alexandria.

Golf Course Project Approved By SERA

Approval by the state office of SERA of a project to complete the drainage ditches on the San Mateo Municipal Golf Course was announced today by Capt. L. G. McAloney, relief director.

This is the first of a series of projects submitted for improvement of the golf course.

The cost to SERA of this improvement is $576 and $132 to the city of Sau Mateo. Mr. W. D. Soule, assistant city engineer, in charge of the work, will place 20 men at once in the excavation and filling in of the drainage ditches.

Illness Is Fatal To Jerusha Myers Of Redwood City

Mrs. Jerusha Pauline Myers, 76, passed away Sunday afternoon at the Community Hospital in San Mateo following an extended period of ill health.

A native of Perrysville, Ohio, she resided here since 1914. She was employed by Harry Tiedeman as housekeeper.

A son, Harvey C. Myers of Ohio, survives.

Funeral arrangements have not yet been completed. Friends may call at the Layng & Tinney Funeral Home.

LEGAL

NOTICE OF PUBLIC HEARING ON FINAL REPORT OF CITY PLANNING COMMISSION OF THE TOWN OF ATHERTON.

BEFORE THE CITY COUNCIL OF THE TOWN OF ATHERTON.

In the Matter of the Proposed Amendment to Ordinance No. 95.

NOTICE IS HEREBY GIVEN that the City Planning Commission of the Town of Atherton has made its Final Report to the City Council of the Town of Atherton, concerning proposed amendments to Ordinance No. 95 of the Town of Atherton regarding the establishment of new set-back lines upon each side of El Camino Real, within the Residence District and within the Commercial District, and that said Final Report has been filed, and is on file, in the office of the City Clerk of the Town of Atherton, in the Town Hall of the Town of Atherton, and same is available for examination by all persons particularly interested, and by the general public.

NOTICE IS HEREBY FURTHER GIVEN that a public hearing upon said Final Report will be held before the City Council of the Town of Atherton, in the Town Hall of the Town of Atherton, on Tuesday, June 25, 1935, at 4 o'clock P. M., of said day, for the purpose of considering said Final Report, and of approving, modifying, or rejecting the same; at which meeting all persons particularly interested, and the general public, will be afforded an opportunity to be heard.

BY ORDER OF THE CITY COUNCIL OF THE TOWN OF ATHERTON.

DATED: May 28, 1935.
THOMAS G. PACKHAM,
Town Clerk.
June 21, 1935.

NOTICE OF SALE OF REAL ESTATE

NOTICE IS HEREBY GIVEN, that the undersigned administrator of the estate of A. B. McCabe, sometimes known as Branham McCabe, Deceased, will sell at private sale, on or after Monday, the 15th day of July, 1935, subject to confirmation by the Court, the property belonging to said estate, and hereinafter more particularly described. Bids or offers must be in writing and may be left at the offices of Thomas & Thomas, in the Preston Building, at Ukiah, California, or with this administrator at Willits, California, or may be filed in the office of the Clerk of the Superior Court at Ukiah, Mendocino County, California, at any time after the first publication of this notice and before the making of the sale, such bids must be accompanied by a deposit of not less than 10 per cent of the amount of such bid, which deposit will be applied on the purchase price if sale is confirmed, if not to be returned to the bidder.

The property of said estate offered for sale is more particularly described as follows, to-wit:

PARCEL 1

All that certain real property situated in the County of San Mateo, State of California, and described as Lots numbered 15, 16 and 17 in Block Numbered 1, as the same are so designated on that certain map entitled "Map of the Homestead Addition to Redwood City, San Mateo County, California, being a subdivision of Lot No. 48 of Reese Subdivision of a part of the Redwood Farm," which map was recorded in the office of the County Recorder of San Mateo County, California, on the 26th day of May 1910, in Map Book No. 7, at page 19 thereof.

PARCEL 2

An undivided ⅝ interest in all that certain tract or parcel of land situated in the County of Alameda, State of Californa, and described as Lots 7 and 10 in Block 37 in Russell City according to the map thereof, filed in the office of the Recorder of Alameda County, November 8, 1907, in Book 23 of Maps at page 51. Bids may be made for either or both of said above parcels of land.

Dated this 10th day of June, 1935.

H. B. MUIR,
Administrator of the above estate.
THOMAS & THOMAS,
Attorneys for Administrator,
Preston Building,
Ukiah, Calif.
June 21, 28; July 5, 1935

Half Century Of Happiness Recalled By Peninsula Couple

PALO ALTO, June 20 (Special)—Mr. and Mrs. Henry J. Cowger, who were married 50 years ago in West Virginia and who have made their home for the last 10 years at 950 Boyce avenue in Palo Alto, were the honor guests last night at a Golden wedding reception given in the First Baptist Church.

Mr. Cowger was deputy clerk of Hardy county, West Virginia, when he married Suzanna C. Harper on June 18, 1885. That was the year after Cleveland was elected president of the United States.

"People can't believe we've been married 50 years," Mr. Cowger said at his home this morning, smiling at his wife. "We look too young." It was a truthful statement.

In the half century since they were married "almost at the top of the Allegheny Mountains," to quote Mr. Cowger, the couple has lived for 48 years in California. Mr. and Mrs. Cowger came to this state in 1887, first settling in Salinas, and moving soon thereafter to King City, where Mr. Cowger began work as a bookkeeper.

Later they moved to Berkeley, and in 1906 began a 13-year residence in San Jose. In 1919 they moved to Boulder, Colorado, to send their youngest son Win through the mechanical engineering school at the University of Colorado.

Ten years ago the Cowgers came to Palo Alto and bought the Boyce avenue house which is their home today.

An active man throughout his life, Mr. Cowger describes himself today as "only partly retired." He still keeps a finger in the real estate business. Earlier he spent 20 years "on the road" as salesman for an accounting machine company.

Between 1928 and 1932 Mr. Cowger held the contract to carry the mail from the Palo Alto Post Office to the Mayfield office by truck.

All Sons Finish College

Strong believers in the advantages of college education, the Cowgers sent all three of their sons through university, and today find great satisfaction in the success of their boys.

Lester Cowger, the eldest, is superintendent of a San Jose machine manufacturing firm. Harold Cowger is superintendent of the Ventura gasoline manufacturing plant of a major oil company. Win Cowger, youngest of the three, is a construction engineer with the same company at Santa Fe Springs in Southern California.

Hazel, the daughter, is the wife of Mr. James Trevorrow of St. Francis Wood, San Francisco.

At the latter's home last Sunday the entire family assembled for a Golden Wedding dinner. Twenty members of the family sat at the table. They were: Mr. and Mrs. Henry J. Cowger; Mr. and Mrs. Lester Cowger and their son Dean; Mr. and Mrs. Win Cowger and their children, Justin and Wright; Mr. and Mrs. H. V. Cowger and their children, Robert, Richard and H. V. Cowger Jr.; and Mr. and Mrs. James Trevorrow and their children, William, Jean, Rosalie and Norma. Miss Esther Schmidt of San Francisco was a guest of the family who was present for the dinner.

Mr. and Mrs. Cowger, 75 and 69 years of age respectively, are both natives of West Virginia.

Policies Change With Years

Mr. Cowger admitted today that he started political life as a Democrat but has slipped from the faith since. "I vote for the man now," he explained. "The best man running gets my vote, and it doesn't matter whether he's a Republican or a Democrat."

The Cowgers were married in the year when the first electric street car line in the United States was put into operation at Baltimore. Automobiles were gadgets of the future. Today trans-continental airplanes drone almost directly over the roof of the Cowger home on Boyce avenue.

Marriages per hundred thousand of the population have increased very slightly since the day they were married, and divorces have trebled in rate. That latter increase is something that doesn't affect the Cowgers in the least. They are obviously delighted over their Golden Wedding celebration.

Mother of Two Local Men Dies Of Long Illness

Following a period of declining health, Mrs. Emma V. Sampel, 66, passed away Sunday afternoon at 175 Jeter street. The widow of the late Hugh Sampel, she had lived here for the past eight years. She was a native of Pana, Illinois.

Mrs. Sampel is survived by two sons here, Gary and Lloyd Sampel. She also leaves two brothers, W. A., and Frank White; and two sisters, Mrs. Elsie Harris and Mrs. Clara Sampel, all of Hartshorn, Oklahoma.

ANOTHER $8,000 IS ALLOTTED FOR MOFFETT FIELD

San Jose June 20 (Special)—The Sunnyvale naval air station will receive $8,000 in addition to the sum recently requested by the navy department for improvements at Moffett Field, it was revealed here in a telegram received by the San Jose Chamber of Commerce from Congressman John J. McGrath in Washington.

President Roosevelt has approved an expenditure of $83,000 at the air base here, McGrath wired. The navy department had asked for only $75,000.

Granting of the additional sum lends credence to the belief that the government has definite plans for the future of Moffett Field.

The allotment will be divided as follows: $35,000 for roads and walks, $48,000 for building repairs.

Arson Suspected In Grass Blazes

Thomas Cuff, chief of the Menlo Park Fire District force and police officers of Menlo Park and Atherton are investigating circumstances in connection with a series of grass fires that broke out recently in the Atherton-Redwood City area.

According to officials the fires, which swept through tinder-dry grass, were all of incendiary origin, presumably started by one or more persons traveling in an automobile.

40 NOW WORKING AT HIGH SCHOOL

Tile Removal Starts As 'Quake Proofing Job Progresses

With work keeping well up to schedule, the removal of tile from the north wing of the girls' gymnasium and from the roof of the boys' apparatus room has begun at Sequoia Union High School where work on "earthquake-proofing" the buildings has been in full swing for 10 days.

Forty men, all but the foremen local, have stripped the ceilings and parts of coridors of plaster, have removed the trim on doors, windows and blackboards and are now beginning the deep excavations for the transverse partitions.

These reinforced concrete walls will be joined to the steel truss which, embedded in the ceilings which are to be dropped six inches to allow for the structure, will provide a framework of concrete and steel to prevent both lengthwise movement and sidesway in case of an earthquake.

Installation of the reinforced foundation footings started today, Foreman Fred Vedder of the P. J. Walker Company, said.

George A. Fisher, representative of the Western Iron Works, was at the school yesterday inspecting the buildings and getting ready for installation of the steel work. Accompanying him was James Johnson, "rigger-boss," who will be in charge of the actual installation.

In the auditorium, workmen are putting in the "stiffening walls," Vedder said. These, too, prevent sidesway.

Catholic Churches Receive 2 Bequests

Leaving her home at 863 Walnut avenue, Burlingame, and money in a San Francisco bank to her brother, Thomas J. Branson, Elizabeth Mary Branson, who died May 31, willed $500 to the St. Catherine Roman Catholic Church in Burlingame and $300 to the Maryknoll Fathers, 1492 McAllister street, San Francisco, her will, filed for probate in superior court today, disclosed.

The estate of Miss Branson, according to her brother, who is petitioner, "exceeds $20,000."

PLANS 'BRIBE' QUIZ

ORANGE, June 20 (U.P.)—State Senator Nelson T. Edwards said today he would demand a legislative investigation into veiled charges of bribery made by County Supervisors N. E. West, Laguna Beach, in connection with the defeat of the "island" oil drilling bill.

Bay Area Maps Now Available At Shell Depots

Peninsula cities are given fine display in the new San Francisco bay region map folder which went on distribution today at all Shell stations and is free to motorists on request.

In one folder has been gathered practically everything anybody could want to know about San Francisco, the peninsula, Oakland, Piedmont, Alameda, Berkeley and the communities of Marin county.

One map shows the entire bay area, including Marin county and the peninsula, with the situation of Redwood City clearly shown in its relation to other cities along the peninsula, cities as far north as Vallejo and Sears Point, and as far south as Mountain View and Newark, with all main roads, ferries and other information plainly shown.

North Fair Oaks Man Succumbs On Fishing Trip

Stricken with paralysis while on an abalone fishing trip near Montara, Ralph Mayhew, 44, of Edgewood road, North Fair Oaks, died at 10:35 a.m. Tuesday at the Community Hospital in San Mateo. He had been brought to the hospital at 9 o'clock.

Mayhew, who had lived here for the past four years, was an employe of the Pacific Portland Cement Company. He was a native of Vermont.

Besides his wife, Jessie, Mayhew is survived by three children, Ruth, Douglas and Grant Mayhew.

Funeral arrangements have not been completed. Friends may call at the Layng and Tinney Funeral Home.

TELEGRAM HALTS GARBAGE ACTION

Fill-Cover Franchise Deferred Pending District Meet

Authorizing the committee on consolidation to get together with the citizens committee appointed some time ago, the San Francisco Board of Supervisors at its sessions Monday revived the move to consolidate San Mateo and San Francisco counties. The move came in a resolution introduced by Supervisor Warren Shannon.

Efficacy of consolidation in the light of rapid transit plans and the new water supply was stressed.

The board acceded to telegraphic requests from the Bayshore Sanitary District to defer decision on granting the Sanitary Fill Company a 25-year franchise for dumping San Francisco garbage at Bayshore until the district can hold a meeting Thursday night. Inference was that the district had the situation straightened out.

Suspect Confesses S. M. Jewel Burglary

SAN MATEO, June 20—Confession of Elrey Morris, bandit suspect captured in San Francisco after his machine was wrecked during a chase by police, that he was implicated in the Saturday night burglary here of the John Pecten jewelry store on Third avenue has been obtained, according to Police Chief Thomas Burke.

Three watches taken from the store were found on Morris, according to information received by Burke. The officer also learned the license plates on the stolen car driven by Morris had been taken from the machine of S. A. Wells of Martinez while he was visiting friends here.

The Bank of America "family" spends $20,000,000.00 annually in California

A 20-million-dollar budget every year—that's the total for the Bank of America and its great family of workers. This enormous purchasing power is felt in every section of California—from Crescent City to San Diego. In 258 communities, the grocer, merchant, and druggist, the doctor and dentist—in fact, every business, industry, and profession benefits when this giant purse is opened.

The Bank of America "family" is an important contributor toward the maintenance of prosperity throughout California.

Bank of America services include:

Savings and commercial (now a million and a half depositors); a trust department which brings metropolitan facilities to the small as well as the large community; commercial loans and personal loans; National Housing Loans on a scale which leads the nation; safe deposit, foreign exchange, and Bank of America Travelers Cheques which advertise California throughout the world.

Ethiopian Troops Moving to Border

ROME, June 20 (AP) — Heavy forces of Ethiopian troops, the Popolo di Roma reported today, are moving uninterruptedly toward frontiers facing on Eritrea and Italian Somaliland.

The newspaper, basing its information on reports from other European capitals, said the latest survey indicated the Ethiopians were capable of putting into the field 500,000 men, at least 100,000 of them armed with modern rifles.

Other newspapers published reports, also coming from abroad, particularly from Berlin, that roads leading from Dacua to Ogaden were filled with long columns of troops.

2 DIE IN STRIKE RIOT

UNION, S. C., June 19 (AP)—Two men were killed by gunfire in strike violence at the Monarch Mill here. The dead were A. L. Stutts, for many years an overseer in the textile mill, and Constable W. B. Franklin.

Registrations Close July 3 for Election

Registration for the state's special election called by the legislature for August 13 will close July 3, County Clerk E. B. Hinman announced today. While the 40 days before the election would be July 4, because that day is a holiday the day previous will be the last on which residents may register.

The election was called to submit to the people a $13,950,000 bond issue and a proposal to authorize the state to make short term borrowings, at low interest, to handle the $28,000,000 deficit until conditions improve sufficiently to retire the debt.

DOZENS PAY VISIT TO BURNED STILL

Federals Have 'Line' On Plant Operator, Says Report

While local police and federal agents were searching for N. Piccolo, alias Frank Remo, dozens of Redwood City residents Sunday visited the shingled house on McKinley street just south of Roosevelt avenue to see the charred ruins of what was an elaborate still and its attendant equipment, including five 2,000-gallon vats.

There was no fermenting mash to see, nor any alcohol, because the four federal agents, under direction of William Buchalter, late Saturday irrigated the surrounding weeds with the liquor.

No trace of the family of three which fled as the flames broke out in the tankhouse and sheds has been found, but the federal men, it was learned, believe they have a "line" on the whereabouts of the 30-year-old man, his wife and 2½-year-old girl baby who occupied the premises, having moved in about a month ago.

54 STUDENTS FROM COUNTY WIN AWARDS

Of the 976 students to receive degrees at Stanford's commencement exercises Sunday, 54 were residents of San Mateo county.

One of these, Richard J. Winzler of Redwood City, who was graduated in the school of biological sciences, won the Robert S. and Florence Moore scholarship.

Graduating "with great distinction" was Ian Watson Luke of Burlingame, while those graduating "with distinction" were Leon J. Whitsell, Burlingame; Anne Southard, Atherton, and Aylett R. Cotton Jr., Miss Kathleen M. Rapp and Miss Bernice Beckley, all of San Mateo. Cotton, son of Superior Judge Cotton, will enter the Stanford Law School next fall.

Two Burlingame teachers received advanced degrees: Lester D. Henderson, Burlingame elementary school suprintendent, doctor of education, and O. H. Olson, Roosevelt school principal, Burlingame, master of arts.

Other graduates from San Mateo county and the degrees they received are as follows:

Redwood City: Franklyn M. Iwerks, A.B.; Clarence R. Stilleson A.B., and Murray D. Girvin, A.B.

Menlo Park: Charles A. Clancy, A.B.; Robert K. Clancy, A.B.; John R. Greisser, A.B.; Waldo M. Salt, A.B.; Frederick D. Michaels, A.B.; Tamaki Nao, A.B.; Lillian L. Beatty, M.A.; William H. Henderson, LL.B. Paul Buttenweiser, Ph.D. Albert R. Buchanan, Ph.D.; John M. Kaar, M.E., and Christopher A. Conner, M.A.

San Mateo: Joseph H. Bachelder, A.B.; Edwin P. Kehoe, A.B.; Robert R. Matheu, A.B.; Irma C. Anzini, A.B.; Genevieve F. Young, A.B.; George W. Fuller, A.B.; John E. Geiser, A.B.; Robert M. S. Boyd, A.B.; Arthur H. Burnett, A.B.; William J. Hoelle, A.B.; Roderick H. Bost, A.B.; Robert H. F. Smith, A.B.; Sophie E. Harpe, M.A.; Margaret Georgette McAuliffe, M.A., and Dante P. Lembi, M.A.

Woodside: Roger S. Komsthoeft, A.B.; King Harris, A.B., and James V. Neuman Jr., A.B.

Burlingame: Lester S. McElwain, LL.B.; Robert D. Steiner, A.B.; James L. McElney, A.B.; Robert E. Dwan, A.B.; Gladys M. Brown, A.B.; Leonard D. Offield, A.B.; William D. Clinite, A.B.; Elizabeth J. Hedden, A.B., and Alice A. Henderson, A.B.

Charges Are Dropped Against D.C. Teacher

When testimony indicated the accident apparently was unavoidable, manslaughter charges against Clive Saiz, 38, Daly City high school teacher, were dismissed in municipal court, San Francisco.

Saiz' car on May 31 ran down and killed Mrs. Etta Bloom, 70, mother of Frank Bloom, Burlingame city treasurer.

SEEKS $33,000 JUDGMENT

Judgment against J. B. Coryell for a $33,384.99 verdict won by default in superior court June 19, 1930, was sought today by J. D. Toohig in an action filed in court.

ESCAPES HURTS IN CRASH

When her car and a garbage truck collided at Heller and Spruce streets Monday afternoon, Jocelyn Williams of Belmont escaped injury. The name of the truck driver was not learned by local police.

MASTER PLANNING COMMISSION FOR BAY COUNTIES PROPOSED

Formation of a regional planning commission composed of members of planning groups from all bay counties will be discussed Friday at the regular meeting of the San Mateo county planning commission, it was disclosed today upon return of three of the members and two technicians from a conference in San Diego.

Under tentative plans for the new setup, activities of planners in all the counties would be tied together for uniformity in building and planning in the bay region.

At the Friday meeting, set for 2 p.m. in the courthouse, the planners are expected to reject the request of the Menlo Junior College for a no-liquor zone to be established around the school at Atherton. It was expected rejection would be based on the grounds that only the state board of equalization has authority to create such a zone.

Present at the San Diego conference were Advisor Hugh Pomeroy, retiring president of the California Planners' Institute, over whose sessions he presided; Technician Ronald Campbell, and Commissioners C. A. Buck, Martin Poss and R. Guy Smith.

TALBOT HEARING GOES OVER

Hearing of William C. Talbot's request that the $1,000 a month temporary alimony he is paying his wife, Marjorie, pending outcome of her divorce suit be decreased was continued to Thursday when it was called in Superior Judge Cotton's court yesterday.

CONTROLLER ON VACATION

County Controller Edward M. Stack was on a two weeks' vacation and much needed rest today. He plans to spend the time at Harbin Springs in Lake county. During his absence, Chief Deputy George Filbert will be in charge of the office.

Cement Plant Making Ready For Huge Job

$1,000,000 Contract For Portland Dam One of Largest

Preparations for handling one of the largest contracts in the history of the Redwood City plant of the Pacific Portland Cement Company were underway at the Redwood Creek waterfront today as announcement was made that a $1,000,000 award had been secured for construction of the Bonneville Dam at Portland, Ore.

Final details of the contract are not yet ready to be revealed, Elliott Downing, assistant sales manager at San Francisco, reported, in stating that press advices announcing the award were premature.

Downing confirmed the report, however, that the plant has sold 565,000 barrels of cement for the Bonneville project, and will start shipments from Redwood Creek beginning about August 1.

The 565,000 barrels represent 2,260,000 sacks of cement.

The Booneville Dam spreads across the Columbia river for 1,000 feet, 43 miles north of Portland. Construction work on the dam is expected to continue until the latter part of next year. Daily shipments will be made from the Redwood City plant.

The Bonneville Dam, while not as large as the Grand Coulee Dam in Washington or Boulder Dam, is one of the biggest projects of its kind in the Pacific Northwest.

Its purpose is to prevent infiltration of salt water into the upper reaches of the Columbia river and to provide water for irrigation. Additional river harbor facilities will also be made available.

The contract, which is one of the largest awarded the cement plant outside of the bay bridges and other important coast projects, will prove of great benefit to the whole peninsula area in the payrolls which it will create.

H. E. Lang, manager of the Redwood City mill, will be in charge of production.

Exchange Views Two Reels Taken On Pacific Tour

Two interesting reels of a tour of the South Seas and Far East were shown to the Redwood City Exchange Club Tuesday by Richard Schmidt of Hopkins avenue at the regular weekly meeting in the Hotel Sequoia.

Schmidt also gave an interesting talk on the customs and peoples of the many countries visited. He spoke particularly of the disintegrated condition of China and the orderly manner in which the Japanese are functioning. He views Japanese goods as serious competition for American trade.

The tour was made by Schmidt between January 8 and May 8. He was accompanied by Mrs. Schmidt and their daughter, Margaret. Schmidt is vice president of the Schmidt Lithograph Company of San Francisco.

Pete Towne was chairman of the evening and introduced the speaker.

The club extended its thanks to Jack Fox, Colon Stokes and Dr. W. B. Langston for the successful picnic held last Tuesday, and also voted to send a letter of appreciation to Leland Quinlan for handling the barbecue.

Long Illness Fatal To Clayton Thiel, 6

A long illness proved fatal Wednesday to 6-year-old Clayton Thiel, son of Mr. and Mrs. Herman Thiel of 219 Grand street. He died in a San Francisco hospital.

SIGNING OF MEASURE PREVENTS DELINQUENT PROPERTY SALE

Auction sales of tax delinquent property, as announced by the publication of the delinquent tax list, have been halted by the signing by Governor Merriam of Assembly Bill 1034 dealing with payment of delinquent taxes, Collector Ambrose McSweeney said today.

McSweeney declares this bill is important to those on the delinquent list because it:

1. Permits redemption, on or prior to September 1, 1935, of property "sold to the state" on or before July 6, 1934, by payment of all delinquent taxes, but without payment of any penalties, cost or interest.

2. Permits redemption on or before April 20, 1936, of property "sold to the state" on or before July 6, 1935, by payment of all delinquent taxes, with interest on entire amount thereof at 7 per cent from July 1, 1934.

FIRECRACKER BAN ON 4TH IS ORDERED

Rigid Enforcement By Authorities To Be Rule

Strict enforcement of the county's 18-year-old fireworks ordinance which prohibits sale, purchase or use of fireworks in the unincorporated areas of San Mateo county has been decided upon, District Attorney Gilbert Ferrell announced today.

The board of supervisors recently asked Ferrell to study the ordinance to see if it could be enforced.

With the co-operation of Sheriff James J. McGrath and Fire Warden Bert Werder, both of which were promised to the district attorney today, an intensive effort will be made to enforce the ordinance to the letter, according to the district attorney.

Many cities of the county have indicated they would likewise enforce existing similar ordinances providing the county enforced its law, which in past years has been overlooked.

Decision to resurrect the ordinance, passed June 18, 1917, came when it was pointed out the luxuriant growth of grass in the unincorporated districts this year presents a greater fire hazard than has existed in many seasons.

Manufacture of fire crackers has progressed to the state, Ferrell pointed out, where the explosives are not harmless playthings, but instead are real hazards to life as well as property.

The ordinance provides punishment for violation of the law by not more than a $50 fine or imprisonment in the county jail for not more than 30 days.

Prohibited by the law are sale, delivery or use of fireworks in any form.

Overloading Brings 22 Truckers Fines

SOUTH SAN FRANCISCO, June 18 — Twenty-two truck drivers who appeared today before Judge Wade H. Clay were fined a total of $107.50 on charges of overloading their trucks while at work on widening the underpass on El Caminol Real.

C. V. Colletti, contractor, and three foremen demanded jury trials on similar charges of violating the state traffic laws. The trials were set for July 2.

ROAD REPAIRS ASKED

The San Mateo County Board of Supervisors, in a petition signed by 41 citizens of Menlo Park, today was requested to have repairs made to that part of Middle avenue coming under the board's jurisdiction. The road is "dangerous and almost impassable," according to the petition.

STATE MARRIAGE LAWS ARE TESTED

Hillsborough Heir's Plea to Void Reno Marriage Heard

A Hillsborough man's plea that his Nevada marriage be annulled on the grounds that he and his wife were residents of California at the time of their marriage was under study today by the state supreme court. The decision of the court is expected to determine if deliberate evasion of the California marriage laws is sufficient ground for voiding a legal marriage in another state of residents of this state.

The case involves the effort of James McDonald III, heir to an oil fortune of more than $1,000,000, to untie his Reno marriage, in June 1932, to Alecia McDonald, still in her 'teens, and the mother of a year old daughter.

At the time of the marriage, McDonald was 18, his bride 16, legal age for marriage in Nevada, but an age requiring parental consent in California, where the minimum age is 21 and 18.

McDonald's action for annulment was brought through his mother, Mrs. Beulah Martin.

Miss Esther Webb, daughter of Attorney General Webb, appeared yesterday in San Francisco court for McDonald in his appeal from the lower courts. She argued the element of evasion of the California law by the young couple destroyed validity of the marriage so far as this state is concerned, that the state's statutes empower the courts to void the marriage of minors.

If this theory holds, Attorney C. Harold Caulfield, representing the wife, argued every Nevada marriage consummated to circumvent the California three-day "gin" law, would be void in this state.

Sadler Exonerated On Plumbing Charge

When both state witnesses testified that W. H. Sadler, local plumbing supply dealer, was not involved in the taking of a contract for plumbing a local building job, he was exonerated Monday by Justice Edward I. McAuliffe of violating the state license law.

Sadler had been charged by Nicholas J. Morrissey Jr., state inspector, with the offense, but H. F. Coykendall, builder, and W. H. Lafferty, plumber, both testified that Sadler was not involved in the contract.

Upon motion of Sadler's attorney, Edmund Scott, a verdict of acquittal was returned after Assistant District Attorney Daniel Sullivan had called Coykendall and Lafferty as witnesses.

Lafferty last week was found guilty by Judge McAuliffe of doing the plumbing without possessing a license. He was given a suspended sentence.

Mantz Exceeds Amelia's Mark On Mercy Trip

When Paul Mantz, former Redwood City resident, now technical adviser to Amelia Earhart, needed a plane for a "mercy flight" to Eugene, Ore., he borrowed Miss Earhart's veteran monoplane, which she retired after spanning both oceans and making a record flight from Mexico City to New York, and turned it into a hospital ship Wednesday to take Don Baxter of Glendale, who was critically ill in Oregon, to Southern California.

Mantz's plane was not assembled, so he asked Amelia if he could borrow hers. She consented and he made the 1,700-mile round trip, returning at an average speed of more than 200 miles an hour—faster than Amelia's average from Mexico City to New York.

Mantz put the ship down at Union Air Terminal, Burbank, and Baxter was taken to a hospital in an ambulance, the United Press reported.

Burlingame Police Arrest Wanted Man

BURLINGAME, June 18—Wanted in Sacramento on three warrants, two for petty theft and one for a traffic violation, Stanley L. Gordon, 29, was held today by Burlingame police after a "tip" received over the teletype had informed them the wanted man, an insurance agent, was visiting friends here. The authorities called at the address given and found Gordon breakfasting.

Kiwanians Hear And See Tests By Oil Company

Talking pictures of an 8000-mile caravan tour extending from Northern Canada to "the end of the road" in Mexico were featured yesterday at the Redwood City Kiwanis Club. The picture was produced by the General Petroleum Company and showed road and laboratory tests of General-Socony products.

Bryce Muir, local district manager of the company, was chairman of the day. Ralph W. Tenhaeff of the General Petroleum staff presented the pictures.

In the absence of Vice-President Lee Erwin and Past President Elmer Morrish, who are on vacations, Elmore Hinman, first president of the local club, presided.

$10,000 in Damages Asked for Accident

For injuries sustained when their machine and that of M. Silva collided in Belmont June 8, Gladys G. Pearson and Effie Riley have brought suit in superior court for $10,450. Named as defendants with Silva in the action are Edith Ferrari and Globe Brewing Company, owners of the truck driven by Silva.

Attorney Norman S. Menifee of Redwood City represented the plaintiffs in the action.

Critic of Russia Receives Reprimand

WASHINGTON, June 20 (UP)—Secretary of the Navy Claude A. Swanson today issued a mild reprimand to Rear Admiral Yates Sterling, commandant of the Brooklyn navy yard, for recent newspaper articles written by Sterling criticizing Soviet Russia.

Swanson announced that he had addressed a letter to Sterling informing him that the navy department considers it improper for a navy officer to publish controversial comment on international affairs which might be construed as offensive to foreign governments or their nationals.

Swanson said this did not constitute an effort to "muzzle" navy officers, but was intended to inform them that the navy department considers these officers should not write articles on controversial international matters.

Man Breaks Clavicle While on Night Ride

SAN MATEO, June 17.—A moonlight horseback ride was responsible for Thomas A. Preston, 23, San Francisco salesman, being in the Mills Memorial Hospital today with a fractured collarbone.

Preston was out riding in company with 20 other San Franciscans on Crystal Springs road when he was thrown from his horse and painfully injured.

Denial Is Made Of Change In Lamson Defense

SAN JOSE, June 19 (Sjecial to the Tribune)—Denials to widespread reports that Edwin V. McKenzie of San Francisco will not defend David Lamson in his third trial and that Elmer D. Jensen of this city will head the defense counsel were made today by McKenzie and Jensen themselves, Lamson and the latter's sister, Dr. Margaret Lamson.

It was first reported today that McKenzie would step out of active participation in the case because of pressure of other work and would turn all his material over to Jensen.

"There is absolutely no truth to the report," McKenzie said.

Jensen said, "It's unfair that I should be linked with the case at this time. I'm not definitely in it yet."

Dr. Lamson said, "I am satisfied that Mr. McKenzie will continue with the case."

In his cell in the county jail here, Lamson likewise denied the report.

Black Widow Bite Fatal to Oklahoman

OKLAHOMA CITY, June 20 (UP)—The blood-red "hour glass" which identifies the black widow spider became a symbol of misery and death in Oklahoma today. Authorities attributed the death of one man, W. R. Meadors, and the serious illness of several other persons to black widow spider bites and warned the public to avoid encounters with the poisonous insects.

COAST CALLED METROPOLIS' PLAYGROUND

Civic Union Listens To Benefits Seen In Shore Road

Referring to the coastside as the "playground of 650,000 San Franciscans," Urban S. Marshall, county engineer-appointee, Tuesday night told members of the Coastside Civic Union, meeting at Salada Beach, that it should make every effort possible to secure early construction of the Ocean Shore highway.

He also declared that a road with not too many curves and with a grade of less than 7 per cent should be sought.

"The coastside of San Mateo county is on the brink of a great settlement," Marshall told the group.

He declared he believed the increase in Marin county commuter's fares would prove beneficial to the district if it gets a good highway.

"Gasoline is cheap," the engineer pointed out, explaining that it would be more economical for San Franciscans to commute by automobile from this county than from the north bay district by boat and train.

S. F. Urges Jobs For Peninsulans On Stock Pavilion

Pres. B. R. Funsten of the San Francisco Chamber of Commerce today addressed a letter to C. H. Sooy, president of agricultural district A-1, urging that peninsula men be given full consideration on the proposed livestock pavilion.

Funsten pointed out to Sooy that this was purely a two-county project in which San Francisco and San Mateo county men were entitled to first job consideration.

This action follows yesterday's decision by the board to pay the $50,000 Sunnyvale debt.

George North of Redwood City, representing the San Francisco chamber, was designated to interview Chairman Manuel Francis as to his complaints on the Ocean Shore highway to see if that project can be speeded.

The San Francisco chamber also interested itself in the garbage problem at Bayshore to see how that can be settled.

Burning Car Thought Purposely Destroyed

COLMA, June 18—A mysterious machine discovered ablaze below a 200-foot embankment on the Colma-Salada Beach road was found today, through tracing of the engine number, to be a machine stolen Sunday from Ray J. Sutherland, San Francisco. San Mateo county authorities were convinced the car had been set afire and purposely driven over the embankment.

Constable George Krehl, called to the scene by passing motorists, discovered the gasoline cap of the car lying by the side of the road. This evidence, after he learned the car was stolen, led him to surmise the car had been drenched in gasoline and set afire. Police were certain there had been no occupants in the machine. No license plates were found on the car, they reported.

Many things can be changed from harmless substances to poison by merely rearranging the atoms of which they are made.

$10,000 TO BE PLACED IN NEW COUNTY BUDGET TOWARD 1931 PROMISE

S. F. Hears Accusations of Broken Pledges On Coast Road and Jail Before County Agrees to Pay Up

STAND OF BOARD IS UNANIMOUS

Unanimous agreement was recorded by the San Mateo County Board of Supervisors Monday that the $50,000 Sunnyvale airbase purchase pledge made in 1931 be met.

The board's action came upon motion of Supervisor Walter High, Burlingame, and second of Supervisor Albert Witt Jr., Colma.

The county will place $10,000 into the 1935-36 budget to meet the first installment and will pay the cash to the San Francisco Chamber of Commerce 90 days after final adoption of the budget, which must be approved by August 30.

CADMAN APPEARS

Charles Cadman, vice president of the San Francisco chamber, again addressed the board today in behalf of the pledge. He appeared to answer charges of the Building Trades Council and Journeymen Plumbers & Steamfitters that San Mateo county labor did not secure work on the airbase project.

Cadman read from records of the San Francisco chamber showing that efforts had been put forth to place peninsulans on the project. He said in reference to clauses requiring hiring of local men that this could not be made legally binding on the contractors. Cadman himself is a contractor.

FUNSTON ALSO HERE

President B. R. Funston of the San Francisco chamber was present and informed the board that he would make strong efforts in behalf of San Mateo county men in seeking employment for them on the San Francisco-San Mateo County Livestock Exposition project.

Chairman Manuel Francis of Half Moon Bay told the San Francisco delegation that he has at no time been opposed to the payment but asserted to the San Franciscans that pledges on the Ocean Shore road and on the San Francisco jail projects were not kept.

Supervisor John Poole, Redwood City, who also said he believed in "paying any legal bills," charged that San Francisco had not fully lived up to its airbase pledges regarding work for San Mateo county men.

GARBAGE VIOLATION CITED

Supervisor Witt asked the San Francisco delegation to return and have the chamber of commerce ask the San Francisco board not to continue to violate the anti-garbage law in San Mateo county.

Edward Brady on behalf of the building trades group appeared to protest the payment. Mrs. Ella Chase of San Bruno also entered a protest.

Capt. E. L. Norberg, Burlingame architect, asked that the San Mateo county board get San Francisco pledges in writing hereafter. Charles Meinert of North Fair Oaks charged the board with "negligence" in not having done this in the Sunnyvale case.

High and Witt, neither of whom had been a party to the pledge in 1931, ended the discussion by placing the motion and securing unanimous consent to meet the debt.

PICK POCKET HELD

May Johnson, colored, charged with picking the pockets of a man at a carnival near Menlo Park, today was held to answer to superior court on a grand theft charge when she was given a preliminary hearing before Justice Edward I. McAuliffe.

S. M. Gets 3 Bids For Sewer Project

SAN MATEO, June 18—Three low bids, ranging from $67,000 to $80,000, for the outfall sewer project here, were accepted by the city council last evening to be submitted to Public Works Administration officials for final elimination and acceptance.

The meeting was featured by a clash between Mayor Frank Simmen and Councilman Emil Stein over the legality of the bid-letting procedure for improvements in the city hall. Stein charged that in the "piece-meal" letting of the bids, $300 of the costs had never been advertised and that this was in violation of the city charter. Simmen, later supported by City Attorney Ernest Wilson, replied that the procedure was legal. The attorney upheld the mayor, he said, because four or five crafts had been involved in the contract. The mayor asked Stein to quit "quibbling," saying the councilman had opposed him since he entered office.

Beach Development Planned by SERA

Assurance that the 700 feet of beach land recently given free of charge to the county by Maymie Cowley would be developed as a parking area has been received here in the form on approval of a $7424 SERA project for the property, it was revealed today by Deputy County Engineer E. B. Bailey.

Work on the property, located two and a half miles south of Half Moon Bay, is expected to be started soon. Of the total cost, the state will contribute $5328 in labor, the county paying $2096 for materials used.

Insurance Agents' Group to Be Formed

Formation of an insurance agents' association in the Redwood City district met with favorable consideration of brokers here Tuesday noon following a talk on the subject by P. C. Cavanaugh, director of the Burlingame-San Mateo Insurance Agents' Association.

Henry Witte, president of the Redwood City District Real Estate Board, at whose meeting Cavanaugh spoke, said the insurance agents' group would form limits conterminous with the boundaries of the real estate board—Belmont to the southern county line and bay to ocean.

German auto manufacturers produced 160,000 cars in 1934, exceeding the best previous mark of 115,000, established in 1928.

Rogers Street Opening Wins Council Study

Property Owners Will Be Asked to Aid On Road Work

Extension of Rogers street to the Bayshore Highway will secure approval of the city council if the Tacoma Mill Company and other property owners will agree to raise the grade and construct a red rock road without cost to the city, it was decided Monday night.

Charles Holt and L. E. Werder appeared to say that the company is willing to deed the right of way to the city if it will not be held responsible for future permanent paving of the strip. The council took the matter of restrictions under advisement awaiting a report from the planning commission.

Lights Ordered On Tennis Courts

Lighted tennis courts will be the council's next contribution to the recreational needs of Redwood City, th eboard agreed.

Funds will be placed in the 1935-36 budget to make possible the lighting of recently installed tennis courts. Councilman James Eva put the motion and Councilman Louis Christensen seconded it, providing for the funds.

Tourist Camp Buildings Hit

Abatement of tourist camp buildings at Five Points was ordered by the council on complaint of Councilman Evans Fletcher.

Unsightliness of the buildings and the fire hazard were pointed out. City Building Inspector I. C. Drathman informed the board that the owner had been given an opportunity to sell the buildings but that the time has now expired.

City Manager E. A. Rolison was directed to abate the buildings.

Toyon Knolls Secures Water

Two new areas sought Redwood City's Hetch Hetchy water in appeals to the council. One came from John D. Wilson for Toyon Knolls and the other from Charles Holt for an extension of the city's Emerald Lake system to the Cordilleras road.

Both reported that water was needed in the development of the tracts. They were granted the service providing they pay for the facilities.

City Attorney Albert Mansfield informed the council that satisfactory progress is being made in working out a solution of the 1915 street act bond situation.

The council is at work on a refinancing plan which will solve the problem and avoid its yearly repetition.

Woodside Road Work to Begin

Work on the first unit of the Woodside road is expected to begin by July 1, City Engineer C. L. Dimmitt informed the council.

George Ogden appeared to protest refusal of City Building Inspector I. C. Drathman to grant permits for connecting a toilet and wash basin in a garage in the 1300 block on Jefferson avenue.

Drathman informed the board that the request was for a garage which was being used for living quarters. Ogden protested Drathman's prior rulings on the construction of a house at 1325 Jefferson avenue. The charges were referred to City Manager Rolison for investigation.

Stump Removals Will Be Asked

Removal of stumps on the southern Pacific property opposite Montgomery street was urged by Councilman Fletcher in order to end the unsightliness.

Councilman Fletcher also pointed out the badly pitted condition of Jefferson road on the way to the Emerald Lake cross. City Engineer Dimmitt said the project had been submitted to SERA.

The planning commission urged the council to take immediate action to correct the violation of city ordinances in the maintenance of more than one residence at the Buben place on Avondale avenue.

FIRE DISTRICT ASKS $7,500

Declaring it needs $7,500 to "function properly during the coming fiscal year," the Woodside Fire District today asked the board of supervisors to allow such a sum and levy a rate of tax upon property in the district sufficient to raise the amount. Decision to request the $7,500 was made at the June 4 meeting of the district, according to the letter.

BOYS-GIRLS

-ENORTH

Be a "Millionaire for a Day" as guest of the Tribune

Ride, Swim, Play at SANTA CRUZ

Any boy or girl may earn a Free all-day outing—See instructions below.

----OCEANS OF FUN----

Once again The Tribune is offering the boys and girls of San Mateo County this wonderful All-Day Outing at the Beach FREE of Charge. It won't cost you a penny—just a few minutes' work.

Ahoy Mates! Let's Go to SANTA CRUZ

The natural playground for all the people of San Mateo County.

-----FUN FOR ALL-----

Boys and girls, it's easy. All that you have to do to earn one of these trips is to read the instructions printed below—Follow them carefully. Have a full day of fun at the Beach

DON'T MISS THE FUN - - AT SANTA CRUZ - - IT'S EASY

ALL OF THESE TICKETS GIVEN FOR ONE 3 MONTHS SUBSCRIPTION

-EXCURSION LAUNCH
-MERRY-GO-ROUND
-DODGE 'EM
-GIANT DIPPER
-THE WHIP
-THE FUN HOUSE
-THE PLUNGE
-MINIATURE TRAIN

COMPLETE INSTRUCTIONS

There are no strings to this offer. Simply get a new 3 months' subscription and the complete set of 9 tickets, which will be good any time this season—days, nights, Sunday or holidays—until September 15th. Anyone who has not taken The Tribune for the past 30 days is counted as a new subscriber. Parents and relatives may help the children by suggesting names of friends or business associates.

Remember, all new subscriptions must be acceptable to The Tribune and it takes at least 2 days to verify them, so get them in promptly—so that you may have a "Whole Day of Fun" at the beach—as a guest of The Tribune.

The Redwood City Tribune in co-operation with the Santa Cruz Seaside Amusement Company have arranged this wonderful treat for all boys and girls. The 9 tickets are for the best amusements on the board walk. Swim—Rides—Laughs Galore—Hours of Healthful Fun—Without Cost.

SUBSCRIPTION COUPON

For New Subscribers Only

This subscription coupon, when properly signed by a NEW subscriber will entitle any boy or girl to a set of tickets for concessions on the boardwalk at Santa Cruz.

I HAVE NOT BEEN A SUBSCRIBER TO THE TRIBUNE for the past 30 days. I herewith enter my subscription and agree to take The Tribune for at least 3 months so that the undersigned boy or girl may secure the Santa Cruz Beach tickets. I agree to pay the collector or agent the regular rate of 50c per month, each month when he calls. (One new 3 months subscription will entitle any boy or girl of 16 or younger to all 9 tickets as advertised).

SIGNATURE of new subscriber .....Phone.....

ADDRESS .....

CITY OR TOWN .....

This subscription order, when verified, will entitle the undersigned boy or girl to tickets for Santa Cruz Beach concessions as advertised. Allow two days for verification.

Name of Boy or Girl .....Phone.....

Address .....

Bring, or mail, this coupon to The Redwood City Tribune office, 30 California street, Redwood City. All subscriptions must be acceptable to The Tribune.
